2 MAIN BUSINESS ACTIVITY

MARK Investment Holding AG ("Splint Invest") operates a platform at the internet address www.splintinvest.com and in the specially created app Splint Invest ("Platform"). The Platform enables the purchase, transfer, management, custody and sale of co-ownership shares ("Splints") in physical and digital objects ("Object") or structured products ("Product"). The Objects and Products serve as investment objects. Users of the Platform ("Buyers", "Consumers") can purchase the Splints issued by Splint Invest on the Platform. Splint Invest tries to sell the Objects and the Products at a higher value than the purchase price in order to provide a return to Buyers of the Splints. To the extent displayed on the Platform and/or communicated on other contractual documents between the Buyer and Splint Invest, some functions of the Platform may be available only for some national markets. Access to the Products may be further limited to specific users, at Splint Invest's own discretion.

3 ESSENTIAL CHARACTERISTICS OF THE SERVICE

Product Disclaimer: This section 3 is not applicable to the Product offering. The essential characteristics related to the Products differ from the essential characteristics of the other services provided by Splint Invest. For Products, the User is invited to review the relevant separate subscription agreement related to a specific Product.

The Buyer acquires co-ownership of a property through the purchase of Splints. As a result, the Buyer becomes part of a community of owners, which places certain restrictions on the Buyer's disposal of the property.

Likewise, a disposition of the co-ownership can only be made with the consent of Splint Invest. In the case of a

purchase of Splints, the in-rem agreement is subject to the condition that the total price is paid in full to Splint Invest.

The transfer for the acquisition of the Splint is replaced by an agency relationship between the Buyer and Splint Invest. This is a custody agreement. The custody agreement does not provide that a Buyer can demand the return of his Splint.

The acquisition of ownership is documented by a "Splint", which may be an ideal share of the Object as documented on the Platform, or a token.

The tokens are created by Splint Invest. The token itself is not the co-ownership. Tokens are assignable to the Buyer through a blockchain address, which is done on the basis of a so-called smart contract. Tokens and co-ownership are contractually linked. This is to ensure that they do not fall apart. The stock of tokens and the tokens assigned to the Buyer can be viewed on the Platform. Splint Invest does not provide a blockchain address or wallet for the management of blockchain addresses and the tokens as well as the blockchain addresses are the sole power of disposal and responsibility of the Buyer. Splint Invest is mandated by the Buyers of the Splints of a property to sell the property.

4 FORMATION OF THE CONTRACT AND TECHNICAL MEANS OF PROTECTION AGAINST INPUT ERRORS

In order to make an offer for a contract, the Buyer must register on the Platform. The Objects offered on the Platform do not constitute an offer to conclude a contract.

When the Buyer clicks on the "Invest now" button, he is asked to specify the number of Splints to be purchased. By clicking on "Proceed with credit card ", the Buyer is taken to the last window of the purchase process. By clicking on the "Buy" button, the Buyer makes an offer with the previously selected conditions to purchase an ownership share in the property. Up to this last click, the Buyer can cancel and/or correct the purchase process at any time. He can return to previous windows of the purchase process and can correct his entries here without further ado.

Acceptance of the offer by Splint Invest is affected by sending an e-mail confirming the purchase. At this point a contract is concluded. A corresponding contract text remains with Splint Invest and is also sent to the Buyer by e-mail.

5 TOTAL PRICE INCLUDING ASSOCIATED PRICE COMPONENTS, BASIS OF CALCULATION

The total price is the amount stated as "Total" in the purchase process. The total price and its components are broken down in detail on the respective item page and during the ordering process. The total price varies depending on the number of Splints of the item selected for purchase.

The total price includes a one-off platform fee of 3% to 12% of the purchase price of the property and variable external administration costs for storage and/or management costs. Upon sale of the property, Splint Invest charges a sales fee of 0% on the proceeds of the sale of the property.

The costs (platform fee and external administration costs) are distributed proportionally among the Buyers.

The total price and its components are inclusive of VAT.

6 FURTHER COSTS AND TAXES

Any taxes to be paid on profits shall be paid by the Buyer himself under his own responsibility in accordance with the laws applicable to him.

The Buyer incurs his own costs, e.g. for the use of his terminal equipment, internet, telephone and postal costs. These costs are not charged by Splint Invest, but by third party contractual partners of the Buyer.

7 RISK INFORMATION

Product Disclaimer: This section 7 is not applicable to the Product offering. The risks related to the Products differ from the risks related to the Objects. For Products, the User is invited to review the relevant separate subscription agreement related to a specific Product.

When acquiring the Splints as a financial service, there are risks for the Buyer due to the nature of the Splints and the transactions to be carried out.

There is a risk that the property will not appreciate in value and that it cannot be sold at a profit. Splint Invest strives to achieve the best result when selling the property. Before Splint Invest places an Object on the Platform, Splint Invest carries out extensive analyses of the possible price development of the Object. The results of these analyses can be viewed on the respective product page. There is a risk that, despite careful analyses, an Object may not experience the increase in value that was initially expected. This risk is borne by the Buyer; the Splint may be sold for less than the investment amount. Splint Invest has no influence on fluctuations in value. Income generated in the past is not an indicator of future contracts.

There is a risk that a property could be completely destroyed. This would also destroy the investment amount paid by the Buyer. Equally, the Object may turn out to be a fake. Splint Invest cannot always rule this out despite taking the greatest care.

There is a risk in storage. Here, too, the item can get lost, e.g. through theft, or it can be destroyed. On the product page, we provide more detailed information on the storage location for each product. The Objects are generally insured in the event of liability. It may happen that certain claims are not covered, e.g. due to force majeure. In addition, claims against the insurance company must be enforced. There may be a (full or partial) loss of value here.

There is a risk in the civil law construction of the Splints. There are still ambiguities in the civil law construction of Splints; there is no established case law on this yet. As co-owner of a property, the Buyer is subject to restrictions. Decisions about the property can only be made as a community of co-owners. In addition, the Buyer cannot freely dispose of his co-ownership; Splint Invest must first agree to a disposal. Splint Invest also decides on the sale of the property.

8 PERIOD OF VALIDITY OF THE INFORMATION PROVIDED, IN PARTICULAR OFFERS

The information provided is valid as long as its modification is communicated to the Buyer.

Since there are only a certain number of Splints for an Object, the possible offer of a Buyer to conclude a contract is limited in the number of Splints.

9 PAYMENT AND FULFILMENT DETAILS

By clicking on "Buy" on the last screen of the ordering process, the Buyer undertakes to pay the total price. The payment becomes due upon conclusion of the contract. The payment is processed using the selected means of payment and the selected payment service provider. The payment is paid to Splint Invest. A Splint is transferred to the Buyer after receipt of the payment.

10 MINIMUM TERM OF CONTRACT, IF PERMANENT/REGULAR PERFORMANCE

The safe custody agreement shall continue for as long as the safe custody is agreed and necessary. In the case of safe custody agreements concluded for an indefinite period of time, the depositary may demand the return of the deposited item at any time.

11 CONTRACTUAL TERMINATION CONDITIONS AND CONTRACTUAL PENALTY

There is no possibility to terminate the contract. The statutory right to extraordinary termination of (partial) contracts remains unaffected.

There is no contractual penalty.

12 EU STATES WHOSE LAW FORMS THE BASIS OF THE RELATIONSHIP

Consumers on a market of a EU States (German Market, Italian Market, French Market) be subject to Swiss law for commercial relations; Local law shall apply insofar as Swiss law does not provide the same protection under consumer law.

13 APPLICABLE LAW AND PLACE OF JURISDICTION

14 CONTRACTUAL LANGUAGE AND LANGUAGE OF COMMUNICATION

The contracts are in the language selected on the Platform by the Consumers. The Consumer can choose between English, German, French, and Italian.. Communication between Buyers and Splint Invest is in the chosen language.

15 PARTICIPATION, ACCESS AND ACCESS REQUIREMENTS FOR OUT-OF-COURT COMPLAINT PROCEDURES

In case of complaints, the Buyer is welcome to send an email for redress to Splint Invest: info@splintinvest.com. The Buyer has access to private consumer arbitration boards recognised by the Federal Office of Justice for these disputes.

The following applies to the German market: In addition, there is access to the conciliation body at the Deutsche Bundesbank (Deutsche Bundesbank, Schlichtungsstelle, Postfach 111 232, D 60047 Frankfurt a. Main; telephone: 069 9566-33232 fax: 069 2388 1919, e-mail: schlichtung@bundesbank.de, Internet: <https://www.bundesbank.de/de/service/schlichtungsstelle>). There is also access to the dispute resolution body of the Federal Office for Financial Services Supervision, which can be reached at https://www.bafin.de/DE/Verbraucher/BeschwerdenStreitschlichtung/StreitschlichtungBaFin/StreitschlichtungBaFin_node.html.

The following applies to the French market: The Buyer resident in France may have access to alternative dispute resolution (ADR) mechanisms under French consumer law, including mediation mechanisms competent for cross-border disputes, subject to eligibility and admissibility requirements. Where required under French law, the Buyer may refer the dispute to a consumer mediation body and the contact details of the competent mediator will be provided to the Buyer upon request.

The following applies to the Italian market: In accordance with Legislative Decree No. 206/2005 (Italian Consumer Code), the Buyer may have access to alternative dispute resolution (ADR) procedures for the resolution of consumer disputes, subject to the applicable eligibility requirements. Splint Invest does not currently participate in any ADR procedure before a specific consumer dispute resolution body.

Additionally, for EU-based consumers, there is also access to the online dispute resolution platform provided by the European Commission, which can be reached at <http://ec.europa.eu/consumers/odr/>. Splint Invest does not participate in this dispute resolution procedure and is not obliged to do so.

16 GUARANTEE FUND OR OTHER COMPENSATION SCHEMES, CODES OF CONDUCT

There is no guarantee fund or other compensation scheme in place. There are no codes of conduct for Splint Invest.
